C2G

Discontinued - 1000ft (304.8m) RG6 Dual Shield Coaxial Cable Installation Kit

Part No. CG-29809

The RG6 coax installation kit includes everything you need to complete a cable run in one convenient package. Wire your home theater, bedrooms and kitchen for cable TV, antenna or satellite quickly and easily. The kit includes bulk RG6/U cable, a coax cutter, a coax stripper, a crimping tool and a pack of hex crimp f-type connectors. Having the right tools altogether at hand will simplify the task, and give you professional results.
