C2G

Discontinued - APW Mini-Max 26u x 20in Wallmount Cabinet with Solid Door - Black

Part No. CG-21446

Aptly named for the ability to store a MAXimum amount of equipment in a MINImum amount of space, this cabinet organizes and secures critical network wiring, hubs, concentrators, patch panels, and audio/video equipment. Constructed from 14 and 16 AWG steel, this heavy duty unit can hold up to 150 lbs of equipment.

This enclosure has three cable access ports on the top and bottom, heavy duty steel hinges, dual key locks on the front and rear, and an optional 250 CFM exhaust fan.

The solid front door provides maximum protection for valuable equipment against tampering. The 19-inch mounting rails are both tapped 10-32 and 12-24, meet EIA-310 standards, and are field-reversible, adjusting front to back (two rails are included). Available with an array of additional accessories including such as shelving, cable management, power, and fan cooling options.

Please Note: Wallmounting hardware is not included.
