C2G

Discontinued - 3ft (0.9m) M1 to RCA Component Video Cable

Part No. CG-38076

M1 cables (also known as EVC or P<(><<)>(><(>&<)><(><<)>)>D cables) connect projectors and other devices via the M1 connector. M1 can carry both digital and analog signals as well as USB. Many projectors on the market utilize this technology to provide the flexibility of connecting to either VGA or DVI inputs. The M1 to RCA Component cable is the right connection for your projector or other M1 device to your DVD player or other component video devices!
