C2G

Discontinued - 10ft (3m) DB25 M/M Serial RS232 Null Modem Cable

Part No. CG-03040

Our line of null modem serial cables allows two DTE or DCE devices to communicate with no conflict in data transmission. The transmit and receive signals are crossed to ensure proper data transmission. Each null modem cable is designed with a rugged, overmolded construction that provides added strain relief and a solid connection each time.

Plus the cable is foil shielded for EMI/RFI protection from surrounding office equipment and flourescent lights. Thumbscrew connectors provide a fast, easy connection every time.

Features & Benefits

- Shielded to prevent unwanted EMI/RFI interference
- Fully molded cable design
- Connector thumbscrews for a quick and easy connection

Specifications
