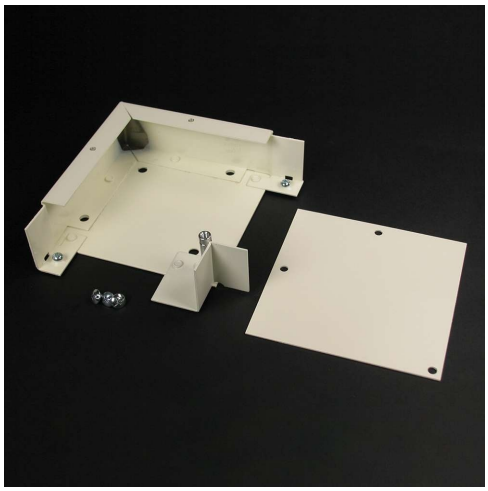
C2G

Discontinued - Wiremold® 4000 Flat Elbow Fitting

Part No. CG-16200



The 4000 series raceway is the work horse of surface raceway systems. 4000 Raceway can be divided for multi-service applications. 4000 series raceway is ideal for all applications requiring a large cable capacity dual service steel raceway. Commercial, institutional, and industrial applications all benefit from the 4000 Series rigid steel construction and durable Ivory ScuffCoat finish. 4000 series raceway is also ideal for municipalities that require either all steel construction or prohibit nonmetallic cable management systems.

Features & Benefits

Large cross section area which provides ample space for large wiring requirements.

Overlapping steel faceplates hide unsightly seams where device plates abut raceway cover.

Wiremold Part # V4011

Feeder or header system. Ideal for overhead, open spaces and under raised floor applications.

Raceway and fittings meet UL5 specifications and can be installed in conformance with ADA requirements.
