C2G

1.5ft (0.46m) 7-pin 180° to 90° 1-Device Serial ATA Cable
Part No. CG-10181

When connecting serial ATA devices to a motherboard or host controller, you want a permanent solution. The last thing you need is a cable that could fatigue or even fail over time because of bending or stress occurring at the critical connection. Our angled connectors deliver the cable at a more desired angle and are fortified to keep the cable lined up straight. With our 7-pin, 1-device cable, you'll receive higher data transmission rates, reduced crosstalk, and improved signal integrity. Plus, this cable reduces overheating and saves internal space within the CPU unit for easy movement when adding or removing hard drives, PCI cards or other adapters. Our serial ATA cable can minimize clutter, increase airflow and maximize your potential transfer rate.

Features & Benefits

Supports transfer rates up to 6 Gbps

Secure, angled connectors for versatility

Available in lengths up to 36in

Specifications

General Info

Product Line	C2G	Color	Red
UPC Number	757120101819	Country Of Origin	China
Features	Right Angle	Application Sector	Commercial, Residential
Warranty Type	Lifetime	Type	Cable

Dimensions

Product Length US	1.5 FT	Cable Length	1.5 ft

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Serial
Jacket Rating	Standard / Non-Rated	Adapter Rear	SATA 7-pin Male
Adapter Front	SATA 7-pin Male
