C2G

Discontinued - RG6 Compression RCA Connector Multipack (50-Pack)

Part No. CG-41121

Quickly customize the length of your home theater or broadcast video cables with these connectors. Nickel-plated brass provides years of reliable service. Barbs within the connector centerpin provide a reliable signal path, and ensure a positive connection to the cable's center conductor. These connectors are a breeze to install and more reliable and easier to use than soldering RCA connectors.

Simply prepare the cable in the same manner as an f-type connector, insert the connector onto the coax cable and compress it with the 3-in-1 compression tool (item #38011).

Specifications

General Info

Product Line	C2G	UPC Number	757120411215
Country Of Origin	Taiwan, Province Of China	Application Sector	Commercial, Residential
Warranty Type	Lifetime	Type	Connector

Technical Information

Adapter Front	RCA Male
