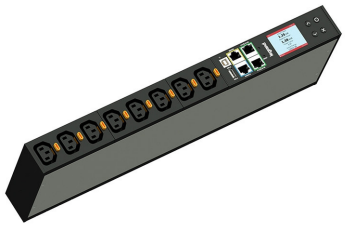
C2G

Discontinued - Rack PDU, Network Metered, 1U, 16A, 208V, (8) C13, L6-20P Cord

Part No. CG-LP-42211



Network Metered PDUs enable line level power metering in real time. Allowing remote monitoring of the load level, custom notifications, and user specified conditions. Each Network Metered PDU provides visibility and reporting of power usage on the PDUs Color LCD screen and to tablets, smart phones, or computers from nearly anywhere.

Features & Benefits

Input Plug: NEMA L6-20P

Rotatable Cord: Enables maximum flexibility for routing the input plug—simplifying the installation of Zero U PDUs

Hydraulic-Magnetic Breakers: Provide less heat dependent local protection and quick recovery from circuit overload, by utilizing a two-step response curve—these breakers provide a delay on normal overcurrents, while tripping quickly on short circuits

Output Receptacles: (8) Locking IEC-C13, 12A

Mounting Types: Available in horizontal and vertical configurations to ensure power distribution is optimally located

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	662875019893	Country Of Origin	Taiwan, Province Of China
Number of Receptacles	8	Features	Network-Metered
Application Sector	Commercial, Industrial	Warranty Type	2-Year
Type	PDU		

Technical Information

Rack Units	1	Voltage	208.0 V
