

C2G
12ft (3.7m) Velocity™ Composite Video Cable
Part No. CG-27232

The Velocity video cable ensures vivid picture quality and maximum detail from your composite video sources. This cost-effective high-performance cable has a real performance advantage over cheap "included in the box" cables included with many consumer electronics products. The low loss 75 Ohm oxygen-free copper conductor and foamed PE dielectric maintain proper characteristic impedance, and guarantee that you will experience all the picture quality and performance your equipment can deliver.

An oxygen-free copper (OFC) braided shield protects against electromagnetic interference (EMI) and radio frequency interference (RFI). Fully molded connectors provide excellent strain relief. A flexible jacket and 24-karat gold-plated heavy duty contacts ensure long-lasting quality.

Features & Benefits

Designed to connect a composite video source to a composite receiver or display

Shielded to prevent unwanted EMI/RFI interference

Fully molded cable design

24-karat gold-plated heavy duty contacts

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120272328	Country Of Origin	Vietnam
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

Dimensions

Product Length US	12.0 FT	Cable Length	12 ft
-------------------	---------	--------------	-------

Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Video
Jacket Rating	Standard / Non-Rated	Adapter Rear	RCA Composite Video Male

Adapter Front

RCA Composite Video Male
