

The HDMI, VGA, 3.5mm and USB Pass-through Wall Plate is perfect for the transition to in-wall cabling. The HDMI pass-through port includes a thin, flexible HDMI pigtail that accommodates the tight bend radius required for installations within a standard junction box. The USB pass-through provides support for passive extensions of up to five meters of total cable length, but may be used with an active USB extension solution for longer distance connections. Constructed of aircraft grade aluminum, this wall plate is designed for durability and a long life.

Features & Benefits

Can be used with active USB extension solution for longer distance connections

Allows for easy transition to in-wall cabling

Provides support for various types of connections

Flexible HDMI pigtail ensures smooth installation in tight spaces

Allows for longer distance connections with the use of an active USB extension solution

Durable construction ensures a long lifespan.

Specifications

General Info

Product Line	C2G	Color	Aluminum
UPC Number	757120397038	Country Of Origin	Vietnam
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate		

Dimensions

Product Width US	4.57 in	Product Height US	4.53 in
Cable Length	4.33 in		

Technical Information

Video Resolution 1080p, 4K

Adapter Rear

VGA Female, HDMI Female,
3.5mm Stereo Female, USB-A
Female

Adapter Front

HDMI Female, USB-B Female, VGA Female,
