The Legrand SWM Series wall mount cabinets provide a convenient and easy to use solution, perfect for secure networks, small data closets, retail, educational, edge computing, and all areas where floor space is limited.

ConvenienceThe SWM Series wall mount cabinets ship completely assembled which speeds installation time. The hinged, swing out middle section provides easy accessibility to the front and the rear of the equipment while mounted to the wall.

Durability

The SWM cabinets are made of rugged welded steel and have a UL 2416 certified load rating of 125 lbs. The small form factor cabinets are PCI compliant, have a 23.5" equipment mounting depth and feature a solid locking door that provides security for the installed equipment.

Features & Benefits

Certified load rating of 125 lbs per UL2416	Full swing handle
Reversible hinged plexiglass front locking door	Vented sides with mounting locations for optional cooling fans
12-24 threaded mounting holes	Universal mounting pattern for industry standard PDUs
Cable knockouts at top and bottom of fixed rear pan	Large cutout in rear pan for access to wall
