

The Legrand SWM Series wall mount cabinets provide a convenient and easy to use solution, perfect for secure networks, small data closets, retail, educational, edge computing, and all areas where floor space is limited.

**[B]Convenience[/B]**

The SWM Series wall mount cabinets ship completely assembled which speeds installation time. The hinged, swing out middle section provides easy accessibility to the front and the rear of the equipment while mounted to the wall.

**[B]Durability[/B]**

The SWM cabinets are made of rugged welded steel and have a UL 2416 certified load rating of 125 lbs. The small form factor cabinets are PCI compliant, have a 23.5" equipment mounting depth and feature a solid locking door that provides security for the installed equipment.

**Features & Benefits**

- Certified load rating of 125 lbs per UL2416
- Reversible hinged perforated front locking door
- 12-24 threaded mounting holes
- Cable knockouts at top and bottom of fixed rear pan
- Full swing handle
- Vented sides with mounting locations for optional cooling fans
- Universal mounting pattern for industry standard PDUs
- Large cutout in rear pan for access to wall
