

C2G 12ft (3.7m) Cat6 Snagless Shielded (STP) Ethernet Network Patch Cable - Purple Part No. CG-00907

Protect a high speed network from noise and electromagnetic interference when connecting with our Snagless Shielded Cat6 patch cable. For voice/data/video distribution, this cable will handle bandwidth-intensive applications and drastically reduces both impedance and structural return loss (SRL). Each patch cable is fully tested to meet ANSI/TIA 568 C.2 Cat6 component requirements. Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality cable and plugs, this design minimizes Near-End Crosstalk (NEXT) levels. Available

in a variety of colors to easily color-code a network installation. Individual length label

Features & Benefits

Designed for network adapters, hubs, switches,
routers, HDBaseT applications and moreSupports 10 Gigabit networks up to 180ft for fast data transmission and
maximum performance and supports 1 Gigabit up to 328ftMeets the ANSI/TIA-568-C.2 Cat6 requirements for
supporting a wide variety of applicationsConstructed with shielded twisted pair (STP) wires, designed to protect a
high speed network from noise and electromagnetic interferenceSnagless connector design for high density
environments and protecting the RJ-45 connector's
lockAvailable in a variety of colors to color-code a network

on each cable for ease of use.

Specifications

General Info

Product Line	C2G	Color	Purple	
UPC Number	757120009078	Country Of Origin	Vietnam	
Features	PoE (Power Over Ethernet)	Application Sector	Commercial, Industrial, Residential	
Warranty Type	Lifetime	Туре	Cable	
Dimensions				
Product Length US	12.0 FT	Cable Length	12 ft	
Technical Information				
Jacket Material	PVC (Polyvinyl Chloride)	Wire Gauge	26 AWG	

Cable Type	Booted, Ethernet Patch Cable, Shielded (STP), Snagless	Jacket Rating	Standard / Non-Rated
Cable Diameter	6.2 mm	Adapter Rear	RJ-45 Male
Adapter Front	RJ-45 Male
