

C2G **3.3ft (1m) Serial ATA to External Serial ATA Cable** Part No. CG-10230

Connect eSATA devices to SATA controllers with the Type A connector, or eSATA controllers to SATA drive enclosures with the Type A connector. This cable meets SATA I and SATA II specifications. eSATA provides more performance than current solutions, is hot-pluggable, and also SATA 3.0 compatible with transfer rates up to 6 Gbps!

You can now utilize shielded cable lengths up to 2 meters outside the PC to take advantage of the benefits the SATA interface brings to storage.

SATA is now out-of-the-box as an external standard, with specifically defined cables, connectors, and signal requirements. With eSATA, you get a robust and user-friendly external connection with high performance and cost-effective expansion storage.

Features & Benefits

Supports transfer rates up to 6 Gbps	Out-of-the-box external SATA connection
Available in lengths up to 2m
