

C2G 5ft (1.5m) USB to DB9 Male Serial RS232 Adapter Cable Part No. CG-26887

Connecting USB with the traditional RS-232 serial port, this adapter connects cellphones, PDAs, digital cameras, modems, or ISDN terminal adapters through your USB port . This Adapter Cable has a data transfer rate of over 250 kbps. Since the adapter uses no IRQs, there are no IRQ conflicts, and it is ideal for when you need many serial devices attached to your PC. Use this adapter to connect directly to a serial device or to free your RS-232 port for other uses. This adapter cable is a perfect accessory for Microsoft® Surface® products and other leading laptops and tablets.

**Note:** Using this adapter with a Chromebook requires a serial terminal application. This type of application may be downloaded from the Chrome Web Store.
