

C2G 3ft (0.9m) Velocity TM RCA Component Video Cable Part No. CG-29112

Improve the performance of your progressive scan video sources by providing a much better cable than "out of the box" cables included with most consumer electronics products. The oxygen-free copper center conductor and foam PE dielectric maintain a 75 0hm characteristic impedance, and offer efficient signal transmission to deliver exceptional video detail, color and brightness.

The dual braided oxygen-free copper shields and 100% aluminum foil sheath protect against environmental noise and interference. The 24K gold-plated, heavy duty connectors ensure long-lasting, highly conductive signal connections; fully molded connectors provide excellent strain relief. The color-coded molded connectors attach to an ultra-flexible jacket, and enable easy installation and identification.

Features & Benefits

- Leatures & Deliv			
Carries a Component Video signal		Constructed from 75oxygen-free copper	
Foil and braided shiel	d to protect from interference		
Specifications			
General Info			
Product Line	C2G	Color	Blue
UPC Number	757120291121	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Туре	Cable		
Dimensions			
Product Length US	3.0 FT	Cable Length	3 ft
Technical Informati	on		
Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Video
Jacket Rating	Standard / Non-Rated	Adapter Rear	RCA Component Video Male
Adapter Front	RCA Component Video Male
