

1ft (0.3m) Cat5e Snagless Unshielded (UTP) Ethernet Network Patch Cable - White Part No. CG-29952

For fast Ethernet networks that require bandwidth-intensive voice, data, or video distribution applications. Meets all Cat5e TIA/EIA standards, and drastically reduces both impedance and structural return loss (SRL). Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality copper cable, this design minimizes Near-End Crosstalk (NEXT) levels. The molded, snagless boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a variety of colors to easily color-code your network installation.

Features & Benefits

Snagless design protects clips when plugging and unplugging	Standard RJ45 connectors and unshielded twisted pair wires

Available in 10 colors to color-code a network Available in lengths up to 150ft

Specifications			
C2G	Color	White	
757120299523	Country Of Origin	Vietnam	
Commercial, Industrial, Residential	Warranty Type	Lifetime	
Cable			
1.0 FT	Cable Length	1 ft	
Technical Information			
PVC (Polyvinyl Chloride)	Wire Gauge	24 AWG	
Booted, Ethernet Patch Cable, Snagless, Unshielded (UTP)	Jacket Rating	Standard / Non-Rated
