

With MTRJ to ST termination, this high quality fiber optic patch cable is specifically designed for ethernet, multimedia, or communication applications. The MTRJ connector features an easy-to-use latch-type design similar to the RJ connector on a Cat5 patch cable, and is half the size of the SC connector. With its small footprint design, the MTRJ connector can increase the port density.

The ST connector features a bayonet locking system.

The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 62.5/125 multimode fiber, immune to electrical interference.

Features & Benefits

Designed to support gigabit ethernet, FDDI, multimedia, ATM, or any application that requires high speed data transfer

Patented injection molding process for greater durability

Optically inspected and tested for insertion loss

Pull-proof jacket design, immune to electrical interference

Specifications

General Info

Product Line	C2G	Color	Orange
UPC Number	757120331360	Country Of Origin	China
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Cable		

Dimensions

Product Length US	3.3 FT	Cable Length	3.3 ft
-------------------	--------	--------------	--------

Technical Information

Fiber Optic Cable Type	Multimode, OM1	Jacket Material	PVC (Polyvinyl Chloride)
Jacket Application	Riser Rated	Bend Radius	50 mm
Simplex/Duplex	Duplex	Cable Type	Fiber Optic
Jacket Rating	FT4 Rated, OFNR Rated	Cable Diameter	2.8 mm

Data Transfer Rate

1 Gbps

Adapter Rear

ST Male, ST Male

Adapter Front

MTRJ Female

Fiber Size

62.5/125
