

This 2-way splitter is compatible with digital broadcast television, digital cable television, off-air antennas and satellite distribution from 15 to 2,150 MHz. Zinc-plated, die-cast housing with precision-machined ports and a soldered back ensure 140 dB isolation against RF leakage. PC board technology eliminates low frequency hum for less noise, and provides a clean, stable return path for data from the cable box or cable modem. DC-passive for devices requiring DC power such as amplified antennas and DBS dishes.

Input: One F-Type Female
Output: Two F-Type Female

Features & Benefits

Compatible with digital broadcast television, digital cable television, off-air antennas, and satellite distribution from 15 to 2,150 MHz

Zinc-plated, die-cast housing with precision-machined ports and a soldered back ensure 140 dB isolation against RF leakage

PC board technology eliminates low frequency hum for less noise

Provides a clean, stable return path for data from the cable box or cable modem

DC-passive for devices requiring DC power such as amplified antennas and DBS dishes

Specifications

General Info

Product Line	C2G	Color	Red
UPC Number	757120410201	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Splitter		

Technical Information

Adapter Rear	F-Type Female, F-Type Female	Adapter Front	F-Type Female
