

The HDMI pass through wall plate allows for a clean, professional looking and seamless transition to in-wall HDMI cabling using a wall plate form factor, which offers a more secure installation option over traditional transition methods. The wall plate provides a secure mount within the wall and is not likely to be stolen or misplaced. Unlike traditional pass-through wall plates, this wall plate is constructed by using four-layer computer grade printed circuit boards (PCBs).

The PCB traces are engineered to maintain the critical impedance necessary to transfer digital audio/video signals. Made from 20 AWG steel, this strong wall plate fits standard electrical boxes, and is compatible with decorative trim plates.

## Features & Benefits

Clean, professional looking wall plate form factor	Constructed by using four-layer computer grade printed circuit boards (PCBs)
PCB traces are engineered to maintain critical impedance	Made from 20 AWG steel

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120410454	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate		

### Dimensions

Product Width US	1.22 in	Product Depth US	1.25 in
Product Height US	2.54 in	Cable Length	2.36 in

### Listing Agencies / 3rd Party Agencies

CE Certified	Yes
--------------	-----

---

## Technical Information

---

Video Resolution	1080p, 4K	Cable Diameter	3.6 mm
Adapter Rear	HDMI Female	Adapter Front	HDMI Female
