

C2G

6ft (1.8m) DisplayPortTM Male to HDMI® Male Active Adapter Cable - 4K 60Hz Part No. CG-50194

The DisplayPort Male to HD Male Active Adapter Cable allows you to connect the DisplayPort output of a video source to a display which accepts an HDMI input # making it an ideal solution for the office or work space applications.

Convenience

The cable form factor of this adapter provides a simple and convenient solution that eliminates the need for a separate adapter and cable, reducing possible failure points.

Performance

This cable is a simple plug and play solution and carries an active video signal, supporting high-definition resolutions up to 4K (4096 x 2160 at 60hz), allowing it to deliver a high quality video image to the connected display.
