

C2G

35ft (10.7m) Serial RS232 DB9 Null Modem Cable with Low Profile Connectors F/F - In-Wall CMG-Rated

Part No. CG-52180

Audio/Video installations in educational and commercial settings often require in-wall rated cable. Our CMG-rated line was specifically engineered to meet this requirement while overcoming common challenges faced by installers in these environments. Low-Profile connectors (1.25 in total depth) save valuable space in the gang box, while the rounded shape accommodates smaller monitor mounts so that the cable can be easily hidden from view.

Specifically designed to support RS-232/Serial communications, this cable is fully shielded to prevent unwanted EMI/RFI interference. The fully molded cable design delivers excellent strain relief, while connector thumbscrews provide a quick and easy connection every time.

The transmit and receive signals are crossed to ensure proper data transmission.

CMG-rated cables meet with many NEC requirements for Communications Cables - General Purpose In Wall Use. Our cables meet the following ratings:

[*] CMG, FT4 (Canada)

Features & Benefits

reatures & Deficition				
In-wall, CL2-rated jacket		N	Null modem wiring scheme	
Low profile connectors				
Specifications				
General Info				
Product Line	C2G		Color	Black
UPC Number	757120521808		Country Of Origin	Vietnam
Features	RS232		Application Sector	Commercial, Industrial, Residential
Warranty Type	Lifetime		Туре	Cable
Dimensions				
Product Length US	35.0 FT		Cable Length	35 ft
Technical Information				
Jacket Material	PVC (Polyvinyl Chloride)		Wire Gauge	28 AWG
Jacket Application	In-Wall Rated		Cable Type	Null Modem, Serial
Jacket Rating	CMG Rated, FT4 Rated		Adapter Rear	DB9 Female
Adapter Front	DB9 Female
