

Use with a Multi-Format Runner for projectors and any display requiring an HD15, 3.5mm audio and RCA audio/video connection

Features & Benefits

Double gang design allows for the integration of multiple audio and video connections into a single plate, reducing clutter and simplifying installation

Integrated VGA (HD15) + 5mm + Composite Video + Stereo Audio connections provide versatile audio and video signal transmission options, making it compatible with a wide range of devices

Four Keystone ports provide additional customization options for added flexibility, allowing for the plate to be configured to the user's specific needs

Brushed aluminum finish provides a sleek and professional look, making it ideal for use in a wide range of applications

Specifications
