

The USB-C Male to USB-A Male Cable - USB 3.2 Gen 1 (5Gbps) is the perfect solution for connecting any standard USB-C enabled device to a USB-A device or accessory for charging and data transfer.

Ensure that a USB-C equipped laptop, smartphone, or tablet has a full charge and ready to go from the 3A charging output while simultaneously transferring photos, music, or data at speeds up to 5 Gbps. With a transfer rate of up to 5Gbps, it is fully backward compatible with USB 3.0, 2.0, and 1.1 devices.

The symmetrical design of the USB-C connector is identical on both sides, so it does not matter if you plug it in upside-down or right-side-up. It will plug in the first time, every time, while preventing damage to the connector port. There is no need to worry about software or drivers to install. The plug-and-play feature makes it simple to connect and start using right away.

## Features & Benefits

- Designed to support USB 3.2 Gen 1 (5Gbps) communication and features
- 3A charging output to keep your devices fully charged and ready to go
- Backwards compatible with USB 3.0, 2.0, and 1.1 devices
- Reversible, symmetrical USB-C connector
- Plug and Play—no software or driver required

## Specifications

### General Info

Product Line	C2G	Color	Black
UPC Number	757120288763	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Cable		

### Dimensions

Product Length US	1.5 FT	Cable Length	1.5 ft
-------------------	--------	--------------	--------

### Listing Agencies / 3rd Party Agencies

CE Certified	Yes
