

**C2G**  
**Discontinued - 1.5ft (0.46m) Wi-Fi RP-TNC Male to N-Type Female Cable**  
Part No. CG-03482

RP-TNC is a common connector for wireless routers. Relocate your current Wi-Fi antenna to meet aesthetic needs and increase the performance of your wireless LAN network. This ultra low loss cable allows longer runs with no signal degradation. Relocating your Wi-Fi antenna to a more central location and out of an equipment closet is a simple and cost-effective solution for propagation problems.

We offer the most common connections, including RP-SMA, RP-TNC, and N-Type. Simply choose the pigtailed that meet your connection requirements, then choose the base cable length for your application.
