

C2G 2u (3.5in) Horizontal Cable Management Panel

Part No. CG-03746

Don't let your relay rack become an unmanageable web of wires; instead, start with this cable management panel to keep excess cable from creating clutter. This 2u (3.5in) high panel fits into any standard 19-inch rack and provides a trough where excess cable can be stored. Patch cords can be easily coiled and placed inside the panel, and the connector can be threaded through the flexible plastic "fingers" to patch panels or network electronics installed above or below. Finally, keep your rack neat with cable management products from C2G, formerly Cables To Go. Easy to install with this space-saving 2u design.

Features & Benefits

Allows for easy cable management in a data center or server rack

Provides a neat and organized solution for managing cables, which can help to improve airflow and reduce clutter

Durable steel construction ensures a long-lasting and reliable solution for managing cables in a data center or server rack.
