

Add the finishing touch to your home theater installation with this insert for composite audio/video. Use for home theater, multimedia classrooms, and conference rooms for digital audio, composite video, stereo audio, audio/video and component video applications. Run your cable system through your walls and make your connections cleanly without the mess and clutter of external cabling. Mount this insert in a standard electrical box or mud ring, and finish with a standard decorative wall plate.

This multimedia insert is made from high-impact plastic, and is colored to match the room decor. Plus, it provides a stylish and practical way to connect your home theater system. The jacks are gold-plated and color-coded for easy identification, and feature solder terminals on the back for a reliable connection.
