

Ultra2/Ultra3 SCSI provides the most competitive performance choice for high-traffic workstations, servers, multi-user systems, and storage area networks (SANs). This external cable meets these needs by increasing bus bandwidths which allows greater configuration flexibility, backward compatibility, and faster transfer rates. Manufactured with double-shielded wire with twisted-pair construction to minimize interference for error-free data transmission.

Specifications

General Info

Product Line	C2G	Color	Beige
UPC Number	757120078586	Country Of Origin	China
Warranty Type	Lifetime	Type	Cable

Dimensions

Cable Length	3 ft
--------------	------

Technical Information

Adapter Rear	MD68 Male	Adapter Front	MD68 Male
