

C2G

Discontinued - 500ft (152.4m) Cat5e Bulk Unshielded (UTP) Network Cable with Stranded Conductors - In-Wall CM-Rated - Gray
Part No. CG-27358

This in-wall rated Cat5e cable is perfect for creating custom length network patch cables. This cable meets all Cat5e TIA/EIA standards, and is designed to reduce both impedance and structural return loss (SRL). Each of the individual pairs are constructed from high quality copper cable and are bonded together to help maintain the twist-spacing up to the termination point. This design helps to minimize Near-End Crosstalk (NEXT) levels. The cable is foot-marked on the jacket indicating the amount cable remaining spooled in the easy-to-use pull box.

Features & Benefits

Perfect for bandwidth-intensive applications

No-snag box makes pulling cable a cinch

Available in six colors and lengths up to 1000ft

Specifications

General Info

Product Line	C2G	Color	Gray
Application Sector	Commercial, Industrial, Residential	Type	Cable

Dimensions

Cable Length	500 ft
