

C2G
Discontinued - 6ft (1.8m) Velocity™ Component Video + RCA Audio Cable
Part No. CG-29166

The Velocity component video with stereo audio cable provides improved picture and sound quality when compared to ordinary "out of the box" cables. Low loss 75 Ohm oxygen-free copper center conductors and foam dielectric deliver exceptional video detail, color and brightness. Twisted pair oxygen-free copper wire and foam dielectric are optimized for audio clarity, and prevent EMI/RFI noise and interference.

The aluminum foil and OFC braid shields protect against unwanted noise and interference while providing clear, noise-free, vivid picture quality. The color-coded molded connectors attach to an ultra-flexible jacket, and enable easy installation and identification. The 24K gold-plated, durable connectors ensure long-lasting quality; fully molded connectors provide excellent strain relief.

Specifications

General Info

Product Line	C2G	Color	Blue
UPC Number	757120291664	Country Of Origin	China
Warranty Type	Lifetime	Type	Cable

Dimensions

Cable Length	6 ft
--------------	------

Technical Information

Cable Type	Audio, Video	Adapter Rear	RCA Stereo Audio Male, RCA Component Video Male
Adapter Front	RCA Stereo Audio Male, RCA Component Video Male
