

C2G
Discontinued - 6ft (1.8m) Ultima™ PS/2 Mouse Extension Cable
Part No. CG-29617

The Ultima cable optimizes style, quality, and value in a cable specially designed for high performance. This cable has 26 AWG copper conductors that provide excellent signal transmission. Copper foil wraps an aluminum undermold shield to assist in reducing EMI/RFI interference to meet FCC requirements, while a 360° solder-to-connector shell create an end-to-end shielding solution for a noise-free connection.

24k gold-plated connectors provide maximum corrosion resistance for error-free data transfer.

The charcoal gray cable jacket not only matches your case but disappears behind your desk leaving a clean organized look. The sleek design of the molded connectors makes them easy to grip; plus they are color-coded to match the ports on your PC or laptop for a quick, correct connection. Finally, an ultra-flexible jacket makes installation easy, and heavy duty molded strain relief provides increased flexibility and durability. Compatible with all PS/2 mice.
