

C2G
Discontinued - 1000ft (304.8m) Cat6 Bulk Unshielded (UTP) Network Cable with Solid Conductors - Riser CMR-Rated - Blue
Part No. CG-32601

This riser rated Cat6 cable is perfect for creating custom length horizontal network cable runs. This cable meets all Cat6 TIA/EIA standards, and is designed to reduce both impedance and structural return loss (SRL). Each of the individual pairs are constructed from high quality copper cable and are bonded together to help maintain the twist-spacing up to the termination point. This design helps to minimize Near-End Crosstalk (NEXT) levels. The cable is foot-marked on the jacket indicating the amount cable remaining spooled in the easy-to-use pull box.

Features & Benefits

Underterminated, unshielded twisted pair construction

No-snag box makes pulling cable a cinch

CMR rated for in-wall applications

Available in 500 or 1000ft

Specifications
