

**C2G**  
**Discontinued - 16.4ft (5m) MTRJ-MTRJ 62.5/125 OM1 Duplex Multimode PVC Fiber Optic Cable - Orange**  
Part No. CG-33130

With MTRJ to MTRJ termination, this high quality fiber optic patch cable is specifically designed for ethernet, multimedia, or communication applications. The MTRJ connector features an easy-to-use latch-type design similar to the RJ connector on a Cat5 patch cable, and is half the size of the SC connector. With its small footprint design, the MTRJ connector can increase the port density.

The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 62.5/125 multimode fiber, immune to electrical interference.

## Features & Benefits

Designed to support gigabit ethernet, FDDI, multimedia, ATM, or any application that requires high speed data transfer	Patented injection molding process for greater durability
Optically inspected and tested for insertion loss	Pull-proof jacket design, immune to electrical interference

## Specifications

### General Info

Product Line	C2G	Color	Orange
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Cable		

### Dimensions

Cable Length	16.4 ft
--------------	---------

### Technical Information

Fiber Optic Cable Type	Multimode, OM1	Jacket Material	PVC (Polyvinyl Chloride)
Jacket Application	Riser Rated	Bend Radius	50 mm
Simplex/Duplex	Duplex	Cable Type	Fiber Optic
Jacket Rating	FT4 Rated, OFNR Rated	Cable Diameter	2.8 mm
Data Transfer Rate	1 Gbps	Adapter Rear	MTRJ Female
Adapter Front	MTRJ Female	Fiber Size	62.5/125
