

C2G
Discontinued - VGA (Bottom), 3.5mm Audio, Composite Video and RCA Stereo Audio Pass Through Single Gang Wall Plate - Brushed Aluminum
Part No. CG-40498

Add the finishing touch to audio/video installations with a feed-through wall plate. This wall plate is designed to mount in standard electrical boxes or mud rings. The thick stainless steel composition provides better protection than plastic wall plates in commercial environments where constant wear and tear causes damage.

Feed-through connectors and identification markings make this wall plate simple to install and easy to connect equipment. Furthermore, it is compatible with any existing wiring network. The single gang design offers connectors for HD15, 3.5mm stereo audio, composite video, and left/right audio, all in one wall plate. Feed-through connectors are designed to offer lossless signal transfer and maximum insertions for a lifetime of service. The low placement of the HD15 connector in this configuration enhances cable-routing flexibility during installation. Mounting hardware included.

Features & Benefits

Passive, pass through design	Durable, aircraft grade aluminum construction
Designed to fit standard single gang wall boxes	

Specifications

General Info			
Product Line	C2G	Color	Aluminum
UPC Number	757120404989	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Wall Plate		
Technical Information			
Video Resolution	UXGA (1600x1200)	Cable Diameter	8.35 mm
Adapter Rear	RCA Composite Video Female, 3.5mm Stereo Female, RCA Stereo Audio Female, VGA Female	Adapter Front	RCA Stereo Audio Female, RCA Composite Video Female, VGA Female, 3.5mm Stereo Female
