

Save money, time and space with our plenum-rated audio amplifier. Laboratory tested and verified, this unit can be installed directly in a plenum air space without enclosing it in a separate plenum-safe box. Its minimal size and weight allow for easy installation virtually anywhere. With a simple design and 45 Watts RMS at 4 Ohms output, this stereo amplifier provides excellent sound reinforcement in classrooms, conference rooms, training centers, offices, restaurants and other settings. Dual inputs (RCA stereo audio, 3.5mm stereo audio) have separate gain control, ensuring the appropriate volume for each connected device. The amplifier employs a quick-connect phoenix connector for power and speakers, and also has short circuit protection.

Input: Two RCA Female, One 3.5mm Stereo Female
Output: Four Phoenix

Features & Benefits

The audio amplifier can be installed directly in a plenum air space without the need for a separate plenum-safe box, saving money, time, and space.

Compact and lightweight: The amplifier's minimal size and weight make it easy to install virtually anywhere.

Dual inputs with separate gain control: The amplifier can accommodate multiple devices and allows for individual volume control for each connected device.

Easy installation: The amplifier features a quick-connect phoenix connector for power and speakers, making installation quick and hassle-free.

Laboratory tested and verified: The unit has undergone rigorous testing to ensure its quality and performance.

45 Watts RMS at 4 Ohms output: The amplifier provides excellent sound reinforcement with a powerful output.

Versatile usage: The amplifier is suitable for various settings such as classrooms, conference rooms, training centers, offices, restaurants, and more.

Short circuit protection: The amplifier is equipped with short circuit protection to prevent damage in case of a short circuit.

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120405337	Country Of Origin	United States
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Amplifier		

Technical Information

Amperage

4 A
