This patch panel is made for optimum performance with black electrostatic powder-coated steel and 50 micron gold-plated contacts. Every panel comes with 110-type termination, while meeting and exceeding EIA/TIA TSB-40 Cat5E connecting hardware specifications. The clear numbering on both the front and back of each panel provides a quick, easy way to identify cable runs.

The high density 19-inch panel design lets you mount to any standard 19-inch rack or cabinet, accommodates top, bottom or side cable entry, and also saves valuable space in your rack. It also has a write-on designation label with a clear holder on the front and the rear.

Features & Benefits

Made for optimum performance with black electrostatic powder-coated steel and 50 micron gold-plated contacts

110-type terminations on panel

Meets EIA/TIA TSB-40 Cat5E connecting hardware specifications

Accommodates top, bottom or side cable entry in any standard 19-inch rack or cabinet

Specifications
