

The HDMI and 3.5mm Audio Pass Through Decorative Wall Plate is perfect for the transition to in-wall cabling. This solution offers a clean, professional look and is ideal for classrooms, conference rooms and houses of worship.

Convenience

The HDMI and 3.5mm Audio pass through ports include thin, flexible pigtails that accommodate the tight bend radius required for installations within a standard junction box.

Durability

This wall plate is designed for durability and a long life in commercial environments where constant wear and tear causes damage.

Features & Benefits

- Supports HDMI audio/video signals and Stereo Audio
- Flexible HDMI and 3.5mm pigtails for easy installation in a wall box
- Fits standard electrical boxes
- Compatible with decorative trim plates
