

It's unfortunate but true - a lesson might be lost on students if they have trouble hearing the instructor. With an Audio Amplifier for classrooms students will remain attentive and better informed during class - no more disengaged learners.

With maximum sound amplification, this cutting-edge system ensures consistent levels of audio through the classroom whether from the instructor, video or other multimedia source. Connects easily to classroom A/V equipment such as projectors, microphones, laptops or DVD players and ensures that each student has a quality learning experience. The Audio Amplifier is powerful enough to overcome background noise, poor room acoustics and even mild hearing loss in students.

Features & Benefits

- 40 Watts of power
- Automatic shutdown when not in use with instant wake
- TUV Listed to UL 60065, Meets all FCC and Plenum requirements
- Two audio inputs with separate volume controls

Specifications

General Info

Product Line	C2G	Color	Black
UPC Number	757120401001	Country Of Origin	China
Application Sector	Commercial, Residential	Warranty Type	Lifetime
Type	Amplifier		

Dimensions

Product Width US	4.64 in	Product Height US	1.3 in
Product Length US	5.0 in		

Listing Agencies / 3rd Party Agencies

FCC Compliant	Yes
