

C2G Short Range VGA + 3.5mm Audio Over Cat5 Kit

Extend video and audio signals up to 100 feet at a 1280 x 1024 resolution

The Short Range VGA + 3.5mm Audio over Cat5 Kit allows you to extend VGA video and stereo audio signals over a single Cat5/Cat5e/Cat6 unshielded twisted pair cable up to 100 feet without signal degradation at a 1280 x 1024 resolution. This solution is compatible with any operating system, and is truly plug and play with no drivers or software required.

Features:

- Extend VGA + 3.5mm audio signals up to 100 feet at a 1280 x 1024 resolution
- Adjustable equalizer compensates for different length Cat5 cables
- Dual VGA video outputs supports two monitors at the transmitter and receiver
