

## Wireless USB Device Adapter Kit

Wirelessly access a USB device up to 30ft away

It's never been more convenient to connect to a printer, projector, scanner or any other USB device! Thanks to a secure wireless connection between your computer and the TruLink Wireless USB Device Adapter, you can easily connect any USB device and access it wirelessly up to 30ft away. This is ideal for laptop users who want to turn their printer into a wireless device. It is also a great way to enable control features built into projectors and interactive whiteboards. Installation is quick and easy and utilizes plug-and-play connectivity.
