

## TruLink™ 2-Port VGA and PS/2 and VGA and USB Micro KVM with audio

*The TruLink™ KVM delivers performance and value to your desktop!*

This is an all-in-one VGA and USB or VGA and PS/2 micro KVM solution with built in 3.5 mm speaker audio and integrated cables. Use one USB or PS/2 keyboard, mouse, monitor, and speaker set to control two computers. The compact, small footprint design reduces clutter on your desktop. Take control of two PCs and free your desktop from clutter with the 2-Port VGA and USB or VGA and PS/2 Micro KVM with audio. This powerful, compact KVM solution provides everything you need to control two PCs. Fully integrated, single jacket, six foot cables attach to your PCs eliminate tangles and provide a neat, clean appearance. The small footprint of the switch makes it perfect for desktop applications.

52043
