

RapidRun® Multi-Format

Optimized for high density, multi-format signal applications

RapidRun is designed to be the standard for in-wall audio/video installations. The RapidRun system allows for customization of installations creating an ideal audio/video connectivity solution. Break-away flying leads and wall plates ensure flexible, efficient, high quality connections for all types of equipment.

RapidRun Multi-Format represents the most significant upgrade to the RapidRun cabling solution to date. Enhanced engineering allows RapidRun Multi-Format to deliver crisp video and high fidelity audio from multiple source devices to the display.

This system integrates all A/V technology in a room including laptops, projectors, DVD players, interactive whiteboards, and more - into a single cable. Its ability to support multiple signals (VGA, 3.5mm audio, composite video and dual RCA audio) over a single cable saves installation time and money for the integrator, the installer and the end-user.

With the advent of the "Analog Sunset" in 2014, digital solutions are being developed to expand the RapidRun Multi-Format line. These solutions make this innovative system ideal for environments where analog equipment will eventually be upgraded to digital.

Features:

- Color Code: Orange
- Runner cable available in a CMG or CMP (plenum) rated jacket for commercial installations
- Delivers crisp video and high fidelity audio from source device to display
- Integrates all technology in the room with a single cabling system - laptops, projectors, DVD players, interactive whiteboards - and more
- Optimized for high density signal applications - including VGA, 3.5mm, composite video, stereo audio RCA - plus future upgrades for HDMI

Item#	Description
60004	35ft Multi-Format Runner UXGA Cable - CMG
60005	50ft Multi-Format Runner UXGA Cable - CMG
60012	35ft Multi-Format Runner UXGA Cable - CMP
60013	50ft Multi-Format Runner UXGA Cable - CMP
60032	Single Gang Wall Plate - HD15+3.5mm+3RCA - Brushed Aluminum
60039	Single Gang Wall Plate - HD15+3.5mm+3RCA+Keystone - Brushed Aluminum
60030	Single Gang Wall Plate - HD15+3.5mm+3RCA - White
60029	Double Gang Wall Plate - HD15+3.5mm+3RCA+4KS - Brushed Aluminum
60028	Double Gang Wall Plate - HD15+3.5mm+2KS - Brushed Aluminum
60042	Double Gang Wall Plate - HD15+3.5mm+3RCA - Decora® Style
60018	HD15+3.5mm+3RCA (YRW) - Multi-Format Flying Lead
