INTRODUCTION

Thank you for purchasing the TruLink® USB to 2-Port Serial Adapter. This USB to Serial Adapter provides an external plug-and-play solution to add up to two RS-232 serial devices to a USB-enabled computer. Many newer computers, particularly laptop computers and handheld devices, no longer include the legacy serial ports, and desktop computers have reduced the number of serial ports. Users with serial devices may find themselves unable to communicate with installed equipment. The USB to Serial Adapter is a great solution for connecting those legacy devices to a new computer. The two DB9 serial ports ensure you'll have the connections you need, when you need them. **We recommend that you read this manual thoroughly and retain for future reference.**

INTRODUCCIÓN

INTRODUCTION

FEATURES

FEATURES	CARACTERÍSTICAS	FONCTIONS
<ul style="list-style-type: none">❖ Free your computer's RS-232 port for other uses❖ Aluminum housing provides a robust solution❖ Supports automatic handshake mode❖ Supports remote wakeup and power management❖ Data Transfer Speed: 12/1.5 Mbps❖ USB 1.1 compliant❖ Serial Interface: RS-232		

SYSTEM REQUIREMENTS

SYSTEM REQUIREMENTS

- ❖ Windows® 98SE, ME, 2000, XP, Vista, or Windows® 7
- ❖ Mac® OS 8.6 or Higher
- ❖ Linux
- ❖ One available USB Port

DEVICE INSTALLATION

Step 1: Connect your Serial peripheral device to a DB9 input on the adapter,

Step 2: Insert the driver CD into your computer's CD Drive, then connect the USB cable from the adapter to an available USB port on the computer.

Step 3: The New Hardware Wizard should appear. Click on the radio button for Install the software automatically, and then click on Next. The computer will then pull the driver files from the CD, this may take several minutes.

Step 4: Once the files have been copied from the CD to the computer, you will see a screen that has a Finish button at the bottom. Click on the Finish button to complete the installation.

VERIFYING DEVICE INSTALLATION

To verify device installation the adapter must be connected to the computer and you must check for the device in Device Manager. The easiest way to access Device Manager is to click on Start, right click on My Computer/Computer, and then select Properties. This will open the System Properties window. Within the System Properties window in XP you will need to click on the Hardware Tab, and then click on the Device Manager Button. In Vista and 7 there will be a link in the top left corner, simply click that link to open the Device Manager. The adapter should appear in Device Manager under Port (COM & LPT) as 2 separate USB Serial Ports.

If you would like to uninstall the adapter from the computer, then you will need to go to the Device Manager as explained above. Right-click on each USB Serial Port listing created by the adapter, and then select Uninstall.

Product No.	26478
Chips	FTDI
Connectors	USB A Male x 1 DB9 Male x 2
Housing	Plastic
Product Dimension	2.86 x 2.75 x 1.0 in.
Product Weight	0.2 lbs
USB Cable Length	2 ft.

At Cables To Go, we want you to be totally confident in your purchase. That is why we offer a one year warranty on this device. If you experience problems due to workmanship or material defect for the duration of this warranty, we will repair or replace this device. To request a Return Merchandise Authorization (RMA) number, contact customer service at 800-506-9607 or www.cablestogo.com

En Cables To Go queremos que confíe completamente en su compra. Esa es la razón por la que ofrecemos un año de garantía en este dispositivo. Si experimenta problemas debidos a mano de obra o defectos de material durante el periodo de validez de esta garantía, repararemos o sustituiremos este dispositivo. Para solicitar un número de autorización de devolución de mercancía, contacte con el servicio de atención al cliente en el número de teléfono 800-506-9607 o visite www.cablestogo.com

Chez Cables To Go, nous voulons que vous soyez complètement satisfait de votre achat. C'est pourquoi vous bénéficiez d'un an de garantie sur cet appareil. Si vous rencontrez des problèmes liés à des défauts matériels ou de fabrication pendant la durée de cette garantie, nous réparerons ou remplacerons cet appareil. Pour demander un numéro d'autorisation de retour de marchandise (ARM), contactez le service client au 800-506-9607 ou www.cablestogo.com

IMPORTANT SAFETY INFORMATION

IMPORTANT SAFETY INFORMATION

Do not plug the unit in any outlet that does not have enough current to allow the device to function. Refer to the specifications in this manual for power level of the unit.

Liquid: If this unit or its corresponding power adapter has had liquid spilled on or in it, do not attempt to use the unit. Do not attempt to use this product in an outdoor environment as elements such as rain, snow, hail, etc. can damage the product.

In case of a storm, it is recommended that you unplug this device from the outlet.

Avoid placing this product next to objects that produce heat such as portable heaters, space heaters, or heating ducts.

THERE ARE NO USER SERVICEABLE PARTS. Do not attempt to open this product and expose the internal circuitry. If you feel that the product is defective, unplug the unit and refer to the warranty information section of this manual.

INFORMACIÓN DE SEGURIDAD IMPORTANTE

No conecte la unidad en una salida que no disponga de suficiente corriente como para permitir que el dispositivo funcione. Consulte en este manual las especificaciones sobre nivel de potencia de la unidad.

Líquidos: Si se han derramado líquidos sobre la unidad, en la unidad o en su correspondiente adaptador de potencia, no intente utilizar la unidad. No intente utilizar este producto en el exterior, ya que elementos como la lluvia, la nieve, el granizo, etc. pueden dañar el producto.

En caso de tormenta, se recomienda que desconecte este dispositivo del enchufe.

Evite situar este producto cerca de objetos que produzcan calor, como calefacciones portátiles, calefactores o conductos de calefacción.

NO HAY PIEZAS QUE PUEDA REPARAR EL PROPIO USUARIO. No intente abrir este producto y exponer la circuitería interna. Si cree que el producto presenta algún defecto, desconecte la unidad y consulte la sección de garantía de este manual.

INFORMATIONS DE SECURITE IMPORTANTES

Pour permettre à l'appareil de fonctionner, ne branchez pas l'unité sur une prise ne délivrant pas assez de courant. Reportez-vous aux spécifications de ce manuel pour connaître le niveau d'alimentation de l'unité.

Liquide : Si du liquide s'est répandu sur ou à l'intérieur de cette unité ou son adaptateur d'alimentation correspondant, n'essayez pas d'utiliser cette unité. N'essayez pas d'utiliser ce produit dans un environnement extérieur car des éléments tels que la pluie, la neige, la grêle, etc. peuvent endommager ce produit.

En cas de tempête, il est recommandé de débrancher cet appareil de la source de courant.

Évitez de placer ce produit près d'objets produisant de la chaleur comme les appareils de chauffage portables ou non et les conduits de chauffage

AUCUNE PIÈCE NE NÉCESSITE D'ÊTRE ENTRETENUE PAR L'UTILISATEUR. N'essayez pas d'ouvrir ce produit et d'exposer sa circuiterie interne. Si vous pensez que ce produit présente des défauts, débranchez l'unité et reportez-vous à la section de ce guide comportant des informations de garantie.
