

TruLink® USB to Gigabit Ethernet Adapter

- Convert an existing USB port to a 10/100/1000 Base-T Ethernet port
- Auto Sensing feature detects the correct connection speed whether 10, 100 or 1000 Base-T
- No external power supply required
- Speeds of up to 480Mbps
- Works on older model computers that have no Ethernet port installed

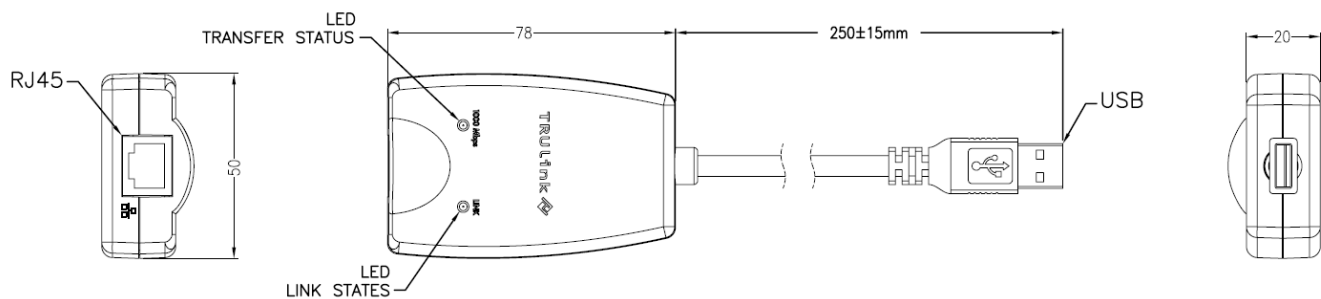

Specifications: TruLink® USB to Gigabit Ethernet Adapter

General Specifications:

Ethernet Signal Supported:	10/100/1000Mbps
USB Specification:	USB 2.0
Maximum Data Transfer Speed:	480Mbps
Operating System Compatibility:	Windows® 2000, XP, Vista, 7

Physical Characteristics:

USB Cable Length:	10in
USB Cable Connector:	USB A Male
RJ45 Connector:	RJ45 Female
Housing Material:	Plastic
Dimensions:	78.0 x 50.0 x 25.5mm
Weight:	0.15lb

Part Number	Description	Weight (lbs)
39950	TruLink USB to Gigabit Ethernet Adapter	0.15
