

RapidRun Multi-Format Digital to Analog Upgrade Kit

- Converts an HDMI Source device to run over RapidRun Multi-Format cabling to a VGA Display
- Compatible with all lengths of RapidRun Multi-Format Runner cable
- Available in 4 colors:
 - Black
 - White
 - Ivory
 - Aluminum
- Lifetime Warranty

Specifications: RapidRun Multi-Format Digital to Analog Upgrade Kit

Electrical Specifications:

Voltage Rating:	30v
Resolution:	1080p
HDCP Compatibility:	HDCP Compliant
Approvals:	CE Compliant for RoHS2

Physical Specifications:

Minimum Bend Radius:	73mm
DC Plug:	5.5*2.5mm, Nickel Plated shell
Conductor Resistance:	20°C max 24AWG-930HMS/KM
Operating Temperature:	0°C to 50°C
Storage Temperature:	-25°C to 70°C

Conductor (1 Pair):

Conductor:	24AWG (7/0.203TC)
Insulation:	FM-PE, ID:1.55±0.05mm
Color:	Brown, White
Drain:	24AWG (7/0.203TC)
Shield:	AL Mylar Coverage: 100%

Conductor (7 Conductors):

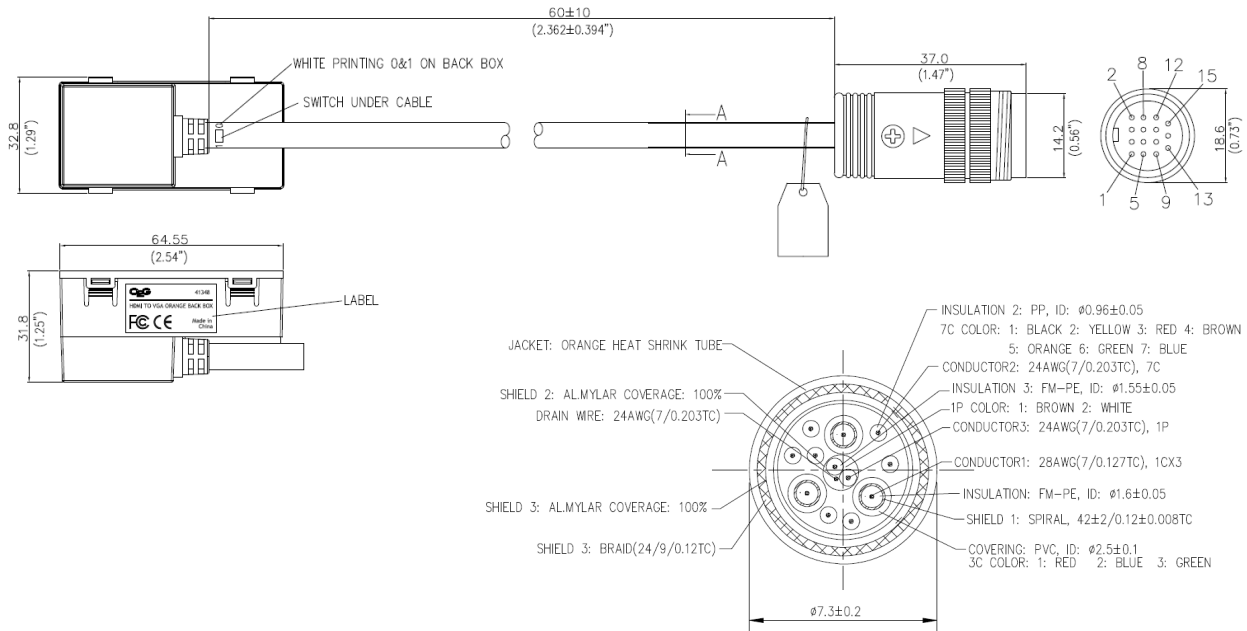

Conductor:	24AWG (7/0.203TC)
Insulation:	PP, ID:ø0.96±0.05mm
Color:	Black, Yellow, Red, Brown, Orange, Green, Blue

Overall Cable

Jacket:	PVC
Shield:	AL-Mylar Coverage: 100%
	Braid, (24/9/0.12TC)
OD:	7.3±0.2

Conductor (1 Conductors x3):

Conductor:	28AWG (7/0.127TC)
Insulation:	PP, ID:ø1.6±0.05mm
Color:	Red, Blue, Green
Shield:	Spiral, 42±2/0.12±0.008TC
Covering:	ID: ø2.5±0.1

Specifications: RapidRun Multi-Format Digital to Analog Upgrade Kit

Part Number	Description	Weight (lbs)
41324	RapidRun Multi-Format Digital to Analog Upgrade Kit—Aluminum Wall Plate	0.350
41325	RapidRun Multi-Format Digital to Analog Upgrade Kit—Black Wall Plate	0.350
41326	RapidRun Multi-Format Digital to Analog Upgrade Kit—White Wall Plate	0.350
41327	RapidRun Multi-Format Digital to Analog Upgrade Kit—Ivory Wall Plate	0.350
