

This Cisco Compatible QSFP+ to QSFP+ Copper Direct Attach Cable is ideal for in-rack and rack to rack equipment connections in datacenters and wiring closets and is equivalent to Cisco part number QSFP-H40G-CU1M. This cable is designed as a more cost-effective and lower power alternative to optical cable assemblies for short length interconnects between active network equipment in data center and enterprise networking applications. This cable is constructed using premium 30AWG, 100 Ohm cable and feature QSFP+, SFF-8436 standards based connectors with quick release pull-latches.

Features & Benefits

Compatible with Cisco equipment	Direct attach copper cable for 40GBASE connections
QSFP+ (SFF-8436) connectors	30AWG conductor construction

Specifications

General Info

Product Line	C2G	Color	Silver
Application Sector	Commercial, Industrial	Warranty Type	Lifetime
Type	Cable		

Technical Information

Adapter Rear	QSFP+ (SFF-8436)	Adapter Front	QSFP+ (SFF-8436)
