

Engineered with high quality connectors and a specialized wire type, these parallel printer cables provide an increased data rate and two-way communication of IEEE-1284-compliant printers and scanners. These parallel printer cables enable high speed, bi-directional communication between a desktop PC and a peripheral. Foil shielding and coverage braid provide maximum resistance against harmful EMI/RFI, and help to achieve the maximum performance from attached peripherals.

## Features & Benefits

- Maximum resistance against harmful EMI/RFI
- Foil shielded with 85% coverage braid
- 17-pair wire twisted with at least 36 turns per meter
- Molded connectors

## Specifications

### General Info

Product Line	C2G	UPC Number	757120023005
Country Of Origin	China	Application Sector	Residential, Commercial, Industrial
Type	Cable		

### Dimensions

Cable Length	6 ft		
--------------	------	--	--

### Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

### Technical Information

Jacket Material	PVC (Polyvinyl Chloride)	Cable Type	Parallel
Jacket Rating	Standard Non-Rated	Adapter Rear	Centronics 36 Male
Adapter Front	DB25 Male
