

Our line of null modem serial cables allows two DTE or DCE devices to communicate with no conflict in data transmission. The transmit and receive signals are crossed to ensure proper data transmission. Each null modem cable is designed with a rugged, overmolded construction that provides added strain relief and a solid connection each time.

Plus the cable is foil shielded for EMI/RFI protection from surrounding office equipment and fluorescent lights. Thumbscrew connectors provide a fast, easy connection every time.

Features & Benefits

Rugged, overmolded construction for added strain relief

Shielded to prevent unwanted EMI/RFI interference

Connector thumbscrews for a quick and easy connection

Specifications

General Info

Product Line	C2G	Color	Beige
UPC Number	757120030225	Country Of Origin	China
Features	RS232	Application Sector	Commercial, Industrial, Residential
Type	Cable		

Dimensions

Cable Length	20 ft
