

Our line of null modem serial cables allows two DTE or DCE devices to communicate with no conflict in data transmission. The transmit and receive signals are crossed to ensure proper data transmission. Each null modem cable is designed with a rugged, overmolded construction that provides added strain relief and a solid connection each time.

Plus the cable is foil shielded for EMI/RFI protection from surrounding office equipment and fluorescent lights. Thumbscrew connectors provide a fast, easy connection every time.

Features & Benefits

- Shielded to prevent unwanted EMI/RFI interference
- Connector thumbscrews for a quick and easy connection
- Fully molded cable design

Specifications

General Info

Product Line	C2G	UPC Number	757120030430
Country Of Origin	China	Application Sector	Residential, Commercial, Industrial
Warranty Type	Lifetime	Type	Cable

Dimensions

Cable Length	25 ft
