

Engineered with high quality connectors and a specialized wire type, these parallel printer cables provide an increased data rate and two-way communication of IEEE-1284-compliant printers and scanners. These parallel printer cables enable high speed, bi-directional communication between a desktop PC and a peripheral. Foil shielding and coverage braid provide maximum resistance against harmful EMI/RFI, and help to achieve the maximum performance from attached peripherals.

Features & Benefits

Maximum resistance against harmful EMI/RFI	17-pair wire twisted with at least 36 turns per meter
Foil shielded with 85% coverage braid	Molded connectors

Specifications

General Info

Product Line	C2G	Color	Beige
UPC Number	757120060932	Country Of Origin	China
Application Sector	Residential, Commercial, Industrial	Warranty Type	Lifetime
Type	Cable		

Dimensions

Cable Length	30 ft
--------------	-------

Additional Information

Prop 65 Warning Required	Yes	Prop 65 Warning Language	Cancer and Reproductive Harm
--------------------------	-----	--------------------------	------------------------------

Technical Information

Cable Type	Adapter	Adapter Rear	Centronics 36 Male
Adapter Front	DB25 Male
